HOST SHOT BY STRANGERS.
[BY THE ASSOCIATED PRESS—A M.]
SAN FRANCISCO, Dec. 26.—A.
Christmas feast at the home of Victor Sbragio, an Italian employed at the Union Iron Works, was brought to a tragic end last evening when the host was shot through the head and fatally was shot through the head and fatally wounded by one of two unknown men who had burst into the dining-room. During the progress of the supper, while one of the guests was playing on an accordion, the door suddenly opened and two strangers entered. When asked what they wanted, one of them laid claim to the musical instrument, declaring it belonged to him. Sbragio ordered the intruders to leave the house and was walking with them to the door when they both attacked him and knocked him down. Before the guests could rush to his assistance one of the pair drew a revolver and shot Sbragio through the head as he lay on the floor. The men then backed out of the door and disappeared in the darkness.

CHICAGO, Dec. 26.—[Exclusive Dispatch.] Homicide is the theory upon which the police are working in their efforts to clear the mystery surrounding the death of Lewis J. Lee, president of the Lee Advertising Agency, whose body was found in the lake two weeks ago.

Circumstantial evidence was introduced at the inquest today to show that he did not commit suicide, and did not fall into the lake, bot was run down by an automobile, his body later being thrown into the lake, possibly before life was extinct.

Two letters were written by a woman, signing herself "C. L. B. M.", and are considered the strongest links in the chain of evidence.

The writer claims she saw Lee as he was run down by the automobile and that the chauffeur leaped from the machine and placed the body in the tonneau of the car.

The chauffeur, she said, was Anton Mrass, whose brother, J. Frank Mrass, conducts the Edgewater automobile garage.

Toung Mrase was questioned at the leaves of the care and the police are shaking up, as well as delaying medical attendance.

Sample Package Mailed Free.

Other people notice your bad breath where you would not notice it at all. It is nauseating to other people to stand before them and while you are tafking, give them an while you are tafking, give them a whiff or two of your bad breath. It usually comes from food fermenting on your stomach. Sometimes you have it in the morning—that awful sour, billious, bnd breath. You can stop that at once by swallowing one or two Stuart Charcoal Lozenges, the most powerful gas and odor absorbers ever prepared.

Bometimes your meals will reveal themselves in your breath to those who talk with you. "You've had onlons," or "You've been eating cabbage," and all of a sudden you belich in the face of your friend. Charcoal is a wonderful absorber of odors, as every one knows. That is why Stuart's Charcoal Lozenges are so quick to stop all gases and odors of odorous foods, or gas from indigestion.

Don't use breath perfumes. They never conceal the odor, and never absorb the gas that causes the odor. Besides, the very fact of using them reveals the reason for their use. Stuart's

away from you when you breathe or talk; your breath will be pure and fresh and besides your food will taste so much better to you at your next meal. Just try it.

Charcoal does other wonderful things, too. It carries away from your stomach and intestines, all the impurities there massed together and which causes the bad breath. Charcoal is a purifier as well as an absorber.

Charcoal is now by far the best, most easy and mild laxative known. A whole boxful will do no harm; in fact, the more you take the better. Stuart's Charcoal Lozenges are made of pure willow charcoal and mixed with just a faint flavor of honey to make them palatable for you, but not too sweet. You just chew them like candy. They are absolutely harmless.

Get a new, pure, sweet breath, freshen your stomach for your next meal, and keep the intestines in good working order. These two things are the secret of good health and long life. You can get all the charcoal necessary to do these wonderful but simple things by getting Stuart's Charcoal Lozenges. Then after you have tried the sample, and been convinced, go to your druggist and get a 25c box of them. Tow'll feel better all over, more comfortable, and "cleaner" inside.

Manager Dickerson is trying to se-cure a \$550 purse for a ten-round bout in Denver for the men, to see how they would stack up, and if each did well another battle could be ar-ranged for Los Angeles. Manager Mc-Carey has consented to the arrange-ment, for he has plenty of cards to se-lect from.

lect from word reached Los Angeles from the East, last night, that Tommy Ryan was on his way West and wants a match with Jack O'Brien. He then specifies, it is alleged, that the winner fight Jeffries, but that report appears vanory.

"Bat" Nelson has a never-ending theme for press agent yarns in "Tex" Rickard and the Goldfield fight. Throughout his route he has been gushing forth all sorts of "dope" on the actions of Rickard which have served to keep up dying interest in his cause. Nelson proposes to go to Europe and give exhibitions.

"Gunner" Mu's friends in England are hinting dark! that if Jack O'Brien should cross the water to fight again he would find things decidedly different in the heavyweight division than he did formerly.

Recently an Inglish critic said:
"Fortunately for boxing all the big, strong men are not monopolized by any country. We had a few who are not forgotten yet and there are some still left who will probably make their mark even in the country which has produced Philadelphia Jack O'Brien, J. L. Sullivan. Fitzsimmons, Corbett, Jeffries and the rest.

"As a matter of fact, if O'Brien were to come over here tomorrow with an open challenge to all comers, which would be immediately accepted by ander, if not by others, his supporters might suddenly discover that the American champion was a middle-weight who would find it somewhat difficult to give away quite so much in avoirdupois, whatever be his cleverness."

O'Brien is on his way East via San

lushy Ascot Track Puts Form Players to the Awful, Yet Winners Are Not Out of Line-Jockey Spar-gur Falls from His Mount, but

The ease with which "sure things" can lose at race tracks was never shown better than yesterday at Ascot. The favorites in the last four races of the card couldn't—or didn't—run fast enough to keep themselves warm. There may be some excuse for this, for the track was sloppy, and the mud flew in showers when the nags ran around the track. The horses that finished back of the first three looked like last year's blody next. Naturally. finished back of the first three looked. Hice last year's birds' nests. Naturally, with the going as it was, there was a fine chance for sleepers to sail in and a number of them did, but none of them were out of line and were merely put up by the bookies at a false price. In the fourth race the horse Mountebank was caught in a jam at the first turn after the start and his rider. Spargur, fell off under the flying horses, but was not hurt, being able to walk back to the judges' stand. Results:

At a Quarter Less Than Real Value

In accordance with its annual custom-of carrying no goods from one season to another, the "Sun" will, until January 1st, cut all holiday goods a straight 25 per cent. This means that 75c is worth as much as \$1.00 was before the holidays.

Money Saving Chances

25 Per Cent. off Toilet

Sets We have many fine toilet sets left which will be disposed of at 25% less than they brought before Christmas. The "Sun" is headquarters for toilet sets and when we say "25% off," it is a matter of importance.

Pipes Reduced a Fourth Briar pipes usually sold at from 25c to \$8.50, at from 19c to \$6.12. Meerschaum pipes usually priced at from \$2.00 to \$15.00 each, go at \$1.50 to \$11.75. Store No. 1.

Mirrors 25 per Cent. off Hand and Triplicate Mirrors

75c hand mirrors are now selling at 56c each. Other hand mirrors at any of the "Sun" stores can now be bought at 1-4 off regular.

Triplicate mirrors, \$3.50 to \$10.00 styles, reduced to \$2.35 to \$7.50.

Burnt Wood and Leather Despite an enormous selling during the holidays we still have quite a stock of burnt wood and leather which must be closed out before the 1st. The 25% discount will do it in a hurry.

Clocks-Fourth off A few of those splendid art metal clocks here for early buyers at 25% off. 87c buys a \$1.50 clock. The

CCHOOL TEAMS IN ATHLETICS

PRESIDENT SULLIVAN STARTS ON MISSION TOUR.

Seeks to Unite All Forms of Amateur Athletics and Promote Spirit in Common School Contests-Dr.

New York City. The first athletic meet was held in Madison Square Garden. This was a great success; over 1000 boys entered.

"The direct object of the league was not merely to promote athletics among those boys already athletically trained, but to develop a large number of boys who knew nothing about the various sports. To do this it was necessary to get as close as possible to the individual schools. Accordingly it was decided to organize the city into districts, following the same lines as the district divisions of the Board of Education, and to create as far as possible a league within each district, which should look after all local interests, They run district meets of all kinds, raise money, and help the individual schools. There is a meeting of one representative from each district league once per month, to discuss matters of general interest. This is the

30,000 boys competed last year for different buttons.

"In addition to these things, we have the regular track and field sports, basketball tournaments of two classes, Socker football, a baseball league with over 100 teams, and so on.

"The business men of the city have been exceedingly generous. Trophies aggregating in value to several thousands of dollars have been given. We spent last year in this work \$15,000. This money was contributed by men of the city.

"I regard the essential elements in the successful carrying on of such a scheme as this: The active and intelligent support of the school men themselves; the support of the newspapers; the support of the newspapers; the support of the husiness men. But none of these things will succeed unless the difference between school athletics and athletics of the athletic club is recognized and to avoid athletics being run away with by the intense competition spirit.

RAIN BEATS
LAST SEASON.

It is a perceived by the Southlnad.

There was some "real" weather in Los Angeles yesterday and some of the tenderfeet recently arrived felt quite at home. That is a peculiarity of Los Angeles, visitors are always made to feel at home here, and the weather man is no exception, any more than the hotel proprietor.

I day the downpour was quite heavy. Although at no time was there any approach to a flood, the precipitation was continuous, and the flowers and shrubs were materially benefited. The rain, coming at this time, is considered favorable to the Tournament of Rosea, as it will put the flowers into good condition and will practically assure bright weather for the feets. The rain fall for the season amounts to a little over five and one-half inches. Monrovia was visited by a rainfall of .75 inch Tuesday night, and increased to a downpour by midnight and continued heavily during part of the day yesterday. The government rain gauge showed a precipitation of .77 inch, making a total rainfall for the season. A gale from the southeast came in at Long Beach at midnight reseday night, accompanied by rain, which amounted to .15 inch, a total far the season of 2.77 inches.

The season's total in Santa Monica is 2.48 inches.

GENERAL IN RIVERSIDE COUNTY The fall began in Riverside about 5 o'clock yesterday morning and for an hour the precipitation was unuser.

As for the native sons and daughters—"borned" and adopted—they resolved in the rain with an experience rejoicing, knowing that every drop was almost worth a dollar to Southern Californis—at least it means prosperity in large measure and prosperity means a real nice tombstone at the end of the journey.

In the city the early morning hours as we he usual rapid rivers rushing down the hillsides and having fun with the new storm drains. It seemed as if a whole lot of rain had hit the ground, but the weather man up in the top of the Trust Building says not. He caught some of it up there and found that it measured .86 of an inch. making a total for this season, according to the official rain gauge, of 4.63 inches some of the trust Building says mot. NEWS AND BUSINESS.

Grace Jones and Charles O. Larsen were wrangling on North Main street last evening, and a patroiman sent them to the Central Station on a charge of disturbing the peace. Ten dollars in gold was the cause of the trouble. Larsen claimed the woman had robbed him of this by force and had as soon as he accused her set upon him, literally tooth and nail. The woman said the man had insulted her. Sed Way to Scare Man.

Yaqui Desperadoes Murder Along Railroad.

Traveler in Sonora Sees a Bloody Sight.

Mexico Is All Right, Says Col. Maxson.

Col. H. B. Maxson, vice-president of the National Irrigation Congress, and secretary of the Board of Education of Reno, Nev., who has been spending the past few weeks in the State of Sonora, Mex., arrived in Los Angeles yesterday and tells a graphic story of the massacre of Mexicans and whites which occurred at the little station of Lancho, on the C. T. R. & P. Railroad, last Saturday afternoon. Col. Maxson is a guest at the Hollenbeck Hotel, and yesterday gave out the first authentic account of the killing, which has been given in the daily press reports as mere rumors.

given in the daily press reports as mere rumors.

Maxson had been touring Sonora looking into the vast resources of the country, and especially that territory tributary to the new railroad which Harriman is building from Guaymas to the Citv of Mexico. He traveled alone, but had made the acquaintance of several business men from the United States who were looking over the country. Maxson's train stopped an hour at the little town of Lancho. While he was there rumors were received that the renegade Yaquis were upon the warpath, and that they were so near that the few people who lived in the neighborhood of the station and railroad, were in immediate danger. The station master, a man named Thompson, belittled the matter, and said he and his wife would remain at their post.

"Mexico is all right. I think that it has a wonderful future ahead of it. The Yaqui River Valley is a heautiful place, and shows rossibilities far ahead of the great Sacramento Valley of California. It will take development to bring it about, but the work of building railroads is being pushed rapidly and it is only a question of time until the principal points will be linked together by a steam road."

"The outlaw Yaquis are a blood-thirsty lot who think that they are be-ing mistreated by the Mexican governmistreated by the Mexican government, and they wreak what vengeance hey can upon the heads of the forigners and Mexicans when the rurales are out of range," said Col. Maxson. I believe, however, that the stories of a general uprising among the Yaquis in Mexico are overdrawn, and that Gen. Torres, swho has charge of the rurales in the State of Sonora, can easily cope with the situation, and is now doing so. These uprisings are infrequent and cannot be taken as indicating that foreign capital is unsafe. In Mexico. The Mexican government is straining every point to protect foreign investments and investors within its boundaries. These Yaqui uprisings are quelled sternly and with an iron hand immediately upon being known. There is a system of patroling the tracks of the various roads which is just now being perfected, and when it is completed these uprisings will be a thing of history. The Yaqui as a rule makes a good worker, but at present does not understand what is expected of him and the rights of property.

"In my opinion the entire trouble occurred over the placing of watchmen or guards over the high-grade mines in the district," said Mr. Williamson. "The various leases are compelled to run, as the majority of them terminate about the first of the year.

"The mines," he continued, "have paid whatever demands the unions have made, but have protected temiselves by the injunction issued to force miners to stop the stealing of high-grade ore. This has been the bone of contentior."

BGI GLARE, LITTLE FIRE.

Belief that laundry employés were perishing in the fiames led men who saw a bright but unimportant fire at Nos. 1625-1627 San Fernando street to send in a number of ambulance calls to the Police Station last evening. The fire itself burned down an overall laundry conducted by H. Herrick. The building was the property of J. L. Ybarra. The first half of the fiscal year has nade deep inroads in the tax fund. dunificent salary increases have almost wheel out the \$350,000 extra noney secured this year through higher assessments for real and personal respectly, and the shortage in the torm drain fund pressages an equally leavy deficit in the general fund at the end of the fiscal year.

the end of the fiscal year.

Campaign year is always expensive at the City Hail. The five months preceding the municipal elections comprise the period when the pikers and place men are in their glory; then it is that the administration drops whotalls without considering too closely whether the city can afford the extravagances. An axiom at the City Hail is that if the administration is successful it will have a year and a haif in which to retrench for the election extravagances; if beaten at the polls the next administration must care for the deficit.

Politicians look with favor on this \$80,600 shortage. The Board of Public Works has apparently let contracts for work when there are no funds provided to pay the cost. It will be necessary for the board to go to the Council for the money, and the Council may decline to lend a helping vote until the board consents to certain perquisites for friends of the legislators.

But a single expenditure of money is recommended by the Pinance Committee at its closing session. Meat Inspector Fred Hughes is to receive \$25 a month in addition to his regular salary for keeping up appearances in the health department, Hughes owns an any through the current year.

The Sixth Ward has failed in its attempt to secure additional land for South Park. The Finance Committee recommends that the request that the city purchass a \$30.00 strip adjacent to the park be referred to the incoming Councilman from the Sixth Ward. It adds the further recommendation that the purchase be not considered before the end of the fiscal, year as the city is in straitened circumstances. and the woman's eyes snapped fire at the charge.

West appears to be physically wenk. He says this is a result of recent illness. A letter introduced into the case, which is signed by West, throws light on the nature of his sickness and does not place the man in an enviable light. For several months West has lived at San Pedro. He admitted in court that he did not know where his wife is living. He also said he had made no effort to find out. This earned for him a severe reprimand from Justice Chambers.

Many of Mrs. West's lady friends were in court with her yesterday. They stoutly maintained that she is innocent of the accusations against he and voiced their contempt for the husband during the trial, or whenever

TO RECOVER TAXES. Another of the batch of suits brought against the county to recover taxes which are claimed to have been levied on a false assessment of property, was bergan yesterday by the Santa Fe company. The claim is for a refund of \$42.60.

TWO FOR FOLSOM. Fred Manly, who was convicted last week of having robbed an old soldier of over 38 and some jewelry, was sentenced by Judge Smith yesterday to eight years at Folsom. Louis Bartiett, who plead guilty to burgiary in the second degree, was sentenced to Folsom for two years.

Boys in Trouble.

James Butson and D. L. Seeley, two youths 17 and 20 years old, respectively. Arited into town Monday, were arrested Tuesday and yesterday were charged with stealing a suit of clothes from J. Janovich of No. 23 East First street, boys live in San Bernardino. Button pleaded guilty and Seeley, elected to fight the charge and will be tried on January 17. Late yesterday the first court and the sentence of thirty days straight against their son was changed to a fine of \$30, which was changed to a fine of \$30, which was paid.

Love Lorn is Morales.

R. J. Morales will probably take careful thought before he is again guilty of insulting a young girl. Justice Rose fined the man 350 yesterday for having used insulting language to 13-year-old Ellen Gross of No. 137 North Avenus 35. The offense to which Morales pleaded guilty occurred outside the Turner Hall on Main-street after the Christmas eve dance. Morales wanted to take the young girl home, but his attentions were not well received. He pressed his sult and the girl spurned him. Then Morales turned on the little girl and it is alleged struck her. She complained to the police.

Earl Rife, a sportive young man who is trying to "butt" into local society, has had a fall from grace. Accused of stealing a watch from Mrs. George James of No. 1174 San Pedro street. Rife was in Justice Rose's court yesterday and pleaded guilty. He was fined 350 with the alternative of skty days in jail. Rife worked a clever ruse after obtaining the watch. He took the timepiece to Oxnard and told a jeweler there to have the watch cleaned but asked that his name be kept a secret. Local detectives traced the watch and arrested Rife.

EAR after year we have held these "White Fairs" until now the name is a synonym throughout Southern California for all that is good in white merchandise. By no possibility can any other store undersell us and in but few cases give you as good a quality for the same amount of money. Let it be positively understood that we buy direct from the mills, pay no middlemen's profits, and are in a position and do put our prices where we have no fear of competition. Naturally the interest in these "White Fairs" centers in the undermuslin section, for everything is crisp, fresh and new and you have the benefit of selecting from the largest stock this year ever shown under one roof on the Pacific Coast. You cannot do better with the portion of money you received for Christmas gifts than to supply yourself liberally with white merchandise for the coming season. Watch our ads' daily for this big sale will have some very special offerings in every an-
